

Report to Municipal Services Committee
(PW/Planning/C&LS)
Meeting Date: September 9, 2024
Report Title: Environmental Services Update

Department: Public Works
Author's Name: Ben Rothwell
Position: Works and Facilities Coordinator
File/Report #ENV-2024-16

RECOMMENDATION:

Be it resolved that the Municipal Services Committee (MSC) recommends to Council that the Environmental Services Update Report be received for information, as presented in MSC report ENV-2024-16.

UPDATE ON OPERATIONS:

Household Hazardous Waste Days:

One more household hazardous waste day will be hosted within the United Counties of Leeds and Grenville this year. This event will take place on Saturday, September 21st, at the Spencerville Fairgrounds (22 Ryan St) and the North Grenville Patrol garage (720 County Rd 44).

Curbside Collection/Waste Fleet:

The delivery of this year's new waste collection vehicle now has an estimated delivery date of mid October. The last Sunday Island Service of the year took place on September 8th.

Blue Box Program Transition:

Staff continue to provide Circular Materials with information on our current recycling program to ensure a smooth transition next year. The Township has chosen to opt out of providing curbside and depot collection of blue box materials as of March 2025. Circular Materials has recently identified Emterra Environmental Inc. as their preferred proponent for providing Residence and Facility Blue Box services commencing on the transition date.

Portland Transfer Station Retaining Wall:

An RFP has been issued for the replacement of the old section of the retaining wall at the transfer station in Portland. The RFP closes on September 17th.

FINANCIAL IMPLICATIONS:

None.

ATTACHMENTS:

None.
