

Report to MSC
Meeting Date: September 9, 2024
Report Title: Roads Progress Report

Department: Public Works
Author's Name: Dan Chant
Position: Manager of Roads and Drainage
File/Report # RDS-2024-23

RECOMMENDATION:

Be it resolved that the Municipal Services Committee recommends to Council that the Roads Progress Report be received, as presented in MSC report RDS-2024-23;

UPDATE ON OPERATIONS:

Capital:

Staff have changed the culverts on Big Rideau Lake Road. National Paving will be completing the culvert asphalt patches this week and then Tackaberry Construction will complete the tight blading at a later date. Staff will be budgeting for the final driving surface of micro surfacing to be completed in 2025 upon budget approval.

Staff have torn up the surface treatment on Sheldon Road and are rebuilding the base of the road. Staff will be recommending an asphalt driving surface to be applied in the proposed 2025 budget.

When the base work has been completed on Sheldon Road, Staff will be reconstructing the road base on Grady Road.

Maintenance:

Patching of hard surfaced roads and grading continues as required when weather permits.

Kenney Farms has completed the second round of roadside mowing.

Staff are removing berms from the edge of the roads to allow proper drainage into the ditches and replacing culverts that are showing signs of failure.

Staff are cutting along the guiderails with the new guiderail cutter.

FINANCIAL IMPLICATIONS:

None
